LOCAL ARMY RESERVE UNIT SEEKS 63 MEN

Co. D, 1st Battle Group, 313th Infantry, 79th Division, the local Army Reserve unit, is planning to increase its membership from 115 to 178. Lt. William Troxell, its executive officer, announced today.

Enlistments are still available under the "six-month program" by which a member takes six months of active duty training with the Army, then serves the remainder of his enlistment in the Reserve, Troxell said.

Permission to enlarge the membership of the unit comes as a result of the new national emergency measures promulgated by the President.

The local outfit recently returned from two weeks of training at Camp A. P. Hill during which it won a number of awards.

GETS TOP RATING

For the third time in five years it received the top rating that can be given to military units for training and efficiency.

It won the "best company" award at the encampment, receiving a trophy and a streamer for its guidon.

Lt. Jack Bream, conducting training in the hand grenade for the entire 1st Battle Group, established a previously unheard of record by winning 18 superior ratings for the six companies of the battalion with his training and range procedure.

HAD NARROW ESCAPE

The unit returned from the annual encampment not only with a great number of honors but with three of its men able to report a narrow escape. Lt. Troxell, Sgt. Smeltzer and Cpl. Rupp were in a communications tent when it was struck by lightning. The lightning narrowly missed the three local men, leaped to the telephone in the tent and knocked out the sergeant on duty at the switchboard in the battle group's headquarters some distance away.

Eighty-nine of the 115 members attended the encampment at A. P. Hill. The other members of the local company were permitted to take their summer training with other units at times more suitable to their employers.

52 PARTICIPATED

Wednesday's regional 4-H competition was held at Juniata Joint High School at Millington with 52 winners of county demonstration contests participating for various regional titles. The winners for clothing, vegetable, and other divisions were from nearby counties.

Red ribbon awards for their demonstration went to Martha Hikes and Diana Bricker, York Springs R. D., for a flower demonstration entitled "What's Their Life?"; to Carol Rex, Bigerville R. 2, for an entomology demonstration entitled "Do You Want To Collect Insects?" and to Dwight Fadenrecht, York Springs R. 2, for a vegetable demonstration entitled "How to Plant Potatoes."

Atomic Weapons Might Be Used In Limited War

WASHINGTON (AP) — The Kennedy administration does not preclude the possibility that atomic weapons might be used in limited wars, but its new mobilization program veers somewhat away from previous doctrine.

That doctrine, as adopted by the Eisenhower administration, was predicted largely on the invoking of atomic firepower to offset the military manpower advantage of the Communist camp.

The program outlined by President Kennedy and explained in detail to a Senate Appropriations subcommittee Wednesday by Secretary of Defense Robert S. McNamara is threaded with repeated references to augmenting weapons firing stand and conventional explosive.

McNamara says this is for the purpose of providing greater versatility, to give the U.S. military more choice in the arms it would use to cope with less than nuclear war.

DAVID LOTT IS ONLY COUNTY 4-H WINNER

David Lott, 16, son of Mr. and Mrs. John K. Lott, Gettysburg R. 4, Wednesday won the right to represent 16 central Pennsylvania counties in a state-wide livestock conservation demonstration contest at Pennsylvania State University August 15.

Lott was the only one of a number of Adams County 4-H youths who took part in the regional demonstration contests to win first place honors and the right to represent the district in the state competition. The others won second place, red ribbon awards.

Lott's demonstration, entitled "Easy Does It," will compete for the state title against similar demonstrations on livestock conservation by four other district winners at the state college event next month.

PICKED UP JULY 13

Police said the three suspects were seized in an automobile in West Fairview by borough police there on July 13 and charged with possession of burglary tools. Police withheld details of the case at that time, pending completion of their investigation.

Captain Gray was reported as saying the three are being held in special detention quarters at the state police headquarters, 21st and Herr Sts., Harrisburg. Captain Gray said Wednesday that the men were being held while officers conferred with law enforcement officials from the various counties involved. He said it had not been immediately determined what agency would prosecute the first of a series of charges against the men.

STOCKS KEEP RISING
NEW YORK (AP) — The stock market carried its current rally into the third straight session early this afternoon in fairly active trading.

The Associated Press average of 60 stocks at noon was up 1.60 at 247.00 with industrials up 2.30, rails up .80 and utilities up .70.

Gains of most key stocks ranged from fractions to about a point but the advance was a broad one.

HOLD TRIO IN 3 BURGLARIES IN EAST BERLIN

State police today reported they are holding three men who the officer's claim committed more than 60 burglaries, including five in East Berlin, over a three-year period.

The three were identified by State Police Cpl. Alfred J. Corkran at Harrisburg as Paul Lee Smith, 18, and his brother, Harold Johnson Smith, 27, both of New Cumberland R. 1, and Kenneth Ray Schurtz, 22, of York Haven R. 1.

Capt. Richard D. Gray, commanding officer of Troop A, Pennsylvania State Police, at Harrisburg, informed the local state police barracks that the three are implicated in the burglary of the East Berlin VFW on August 1, 1959, when \$500 was taken from a safe; Mumford's Garage at East Berlin on August 25, 1959, when \$500 was taken from a safe; the East Berlin VFW on June 26 when six cases of beer, a Smith and Wesson revolver and \$50 in change from various vending machines was taken; the East Berlin Garment Co. on June 26 when four girls' dresses were stolen, and Mumford's Beer Distributing Co., East Berlin, on June 26 when six cases of beer worth \$135 were stolen.

\$8,000 LOOT

Police estimated the 60 burglaries in Dauphin, Cumberland, York, Lebanon and Adams Counties netted the burglars more than \$8,000.

Police said 30 of the burglaries in York County, dating back to early in 1958. Among burglaries there were thefts at Annville, Dillsburg, Red Lion, Manchester, Dover, York Haven, Eters, Mt. Wolf, Newberrytown and Erminville. Some were in private homes and others in stores, service stations, clubs, etc. The trio, according to police, stole a number of safes and then "dumped them" after opening them and removing funds. One safe, according to the officers, taken from a firm near Siddonsburg, was dropped in the middle of a nearby highway when the burglars discovered it contained no cash.

Sale Days Open Friday

General Dwight D. Eisenhower will rededicate the little-known Confederate Cemetery in Hagerstown, September 3.

Governors of ten southern states whose Civil War dead are buried there have been invited to participate, along with nationally-known figures involved in the Civil War Centennial.

A "Pilgrimage Parade" will march through the city. Airplanes will drop flowers over the ground where 2,500 Confederate troops were buried after the battles of Antietam and South Mountain.

Park W. T. Loy, executive secretary of the Maryland Civil War Centennial Commission, today announced that former President Eisenhower had accepted an invitation to rededicate the Civil War cemetery. Loy last month led a delegation to Gettysburg to ask the general to participate.

The program planned for the day before Labor Day will have two purposes for Eisenhower. Not only will he rededicate the cemetery, but he will receive a gold medal from the National Civil War Centennial Commission.

York Students To Share In Estate

A \$5,000 scholarship trust fund for York County boys who attend Gettysburg College has been provided in the will of the late Dr. Charles H. May, North York physician and Gettysburg alumnus, who died July 19. His will was filed for probate Wednesday in York County Court.

Dr. May, a practicing physician for more than 30 years, had been retired at the time of his death at the age of 77 years. He left an estate valued at upwards of \$10,000.

St. Peter's Lutheran Church of North York will receive \$1,000 from the estate.

In the bequest to the college, May stipulated that the school could amend the rules governing and scholarship grants as they deemed desirable. The grants are for the "education of deserving boys who are residents of York County at the time they enter the college."

Doctor May received Bachelor and Master degrees from Gettysburg and acquired his medical degree from Johns Hopkins University.

Sulouff Is Cub's Derby Champion

Nathan Sulouff was named the "Pinewood derby" champion at a joint meeting of Cub Pack 79 of St. James Lutheran Church and Cub Pack 160 of Christ Lutheran Church held Wednesday evening at the Recreation Park.

Runners up to Sulouff in Pack 160 were Dean Wetzel, Jerry Stanton and Bill Schwartz.

The Cub Scout with the fastest

racer in Pack 79 was Dan Green-

awalt. Runners up were Donald Saum, Fred Gantz and Carroll Zentz.

All the boys raced small cars

they constructed themselves.

NIXON BACKS KENNEDY ON BERLIN STAND

LOS ANGELES (AP)—Former Vice President Richard M. Nixon says of President Kennedy's call for increased military power to meet the Soviet challenge on Berlin: "Only this kind of firm policy in dealing with the Communists has a chance to keep the peace without surrender."

Nixon, commenting Wednesday on Kennedy's nationwide talk on Tuesday night, urged full support of the chief executive by all Americans—regardless of party.

At the same time, Nixon called for "decisive action" on four other fronts. The 1960 Republican candidate for president listed them as:

ACTION URGED

1. Stop Castro's outlaw operations in the Americas.

2. Break the Soviet filibuster on atomic testing.

3. Put some backbone into America's fight against admitting Red China to the United Nations.

4. Shelve all new spending programs not directly necessary for national defense.

"Action on these fronts," Nixon declared, "is essential to protect our security at home and will help regain the initiative for American leadership abroad."

RATION LARD FOR CUBANS

HAVANA (AP)—The key word in Cuba today is "manteca," Translated from the Spanish it means lard, or fats.

Manteca—or lack of it—has presented Fidel Castro's revolutionary regime with a sticky problem. For the first time in its 2½-year history, the regime has had to impose rationing.

Families are restricted to one pound of lard and one pound of cooking oil monthly for each person above the age of one year. This is going to hurt. Cubans normally consume an extraordinary large amount of fat.

The government places the blame on "American economic aggression" for the present embarrassing situation, claiming the United States is maintaining an unannounced embargo against exports of lard to Cuba. The United States has traditionally been the sole supplier of Cuba, selling this country 98,000 tons a year.

Shipments of lard from the United States have ceased or practically ceased. Some, however, suspect that Cuba's dollar shortage may have as much to do with this as any real or imagined embargo.

FOSTER HOME

(Continued From Page 1) reached as to the amount the county will pay for foster home care—or what the requirements might be.

HAVE WAITING LIST

Jordan said that in all likelihood most of those who would provide foster home care would care for only two persons. If they take three or more their homes will come under state laws requiring licensing and fulfillment of a number of requirements.

The county home superintendent noted that the county now has "more applications for admission to the county home than it can fill."

HEALTH FACTORS

He told the commissioners that it is necessary to keep "at least one and preferably two or three" beds in the infirmary at the county home available at all times. Because of the age of many of the guests they are subject to illness at any time and it is necessary then to transfer them from their rooms in the home to the infirmary.

He suggested that arrangements be worked out, if a foster home plan is set up, that if a guest in the foster homes becomes ill he will be moved to the Warner Hospital for immediate treatment, then to the county home for further care until he is ready to return to the foster home.

Only guests of the county in good health would be assigned to the foster homes, according to the discussion.

CROSS KEYS FEATURES

"Return to Peyton Place" will be featured at the Cross Keys Drive-in Theater tonight, Friday and Saturday. Other shows are "Broken Lance" and "Mr. Corey." Starting Sunday and continuing through Tuesday, "Sun Lovers Holiday" and "Come Dance With Me" will be the attractions.

INDUSTRY IS CALM IN FACE OF EMERGENCY

NEW YORK (AP)—The Berlin crisis is having little effect on management planning for the future of American industry, the Wall Street Journal said today.

It said a survey of 70 major U. S. companies showed most company leaders don't believe there will be a war and see no use in planning for an emergency.

Said the Journal:

UNRUFFLED CALM

"American industry is meeting the Berlin crisis with unruffled calm—for some firms perhaps even a touch of complacency."

Despite the effect that "any this crisis would have on American business, the Journal added, only a handful of the firms surveyed "are taking any specific steps at this time in preparation for such a national emergency."

The paper stated:

"Only one company in the group is planning to stockpile materials or supplies which might become scarce if the crisis comes to a head. No more than a dozen have gotten around to compiling lists of workers and management men whose services might be lost through the recall of reservists.

"In fact, almost two thirds of the concerns surveyed say they aren't doing anything at all about the Berlin crisis. Most of them say they are unable to believe the situation will lead to war and therefore they see little use planning for it."

LONG SESSION CONDUCTED BY TOWN COUNCIL

Littlestown borough council in a 5½-hour meeting that began Tuesday night at 8 o'clock and ended Wednesday morning at 1:30 o'clock, agreed to block off W. Myrtle St. for a Cub Scout soap box derby Sunday, took up the problem of how to give various borough officials privacy in their new office in the Community Center, and considered matters that ranged from relocation of street lamps to granting building permits.

With President Robert J. Stoner presiding, council took up electrical problems first. Paul E. Aumen presented council with its new ten-year street lighting contract beginning July 1, 1961, and ending July 1, 1971, and then presented a request for increasing the power of the street light at the intersection of Prince and E. Myrtle Sts. from 1,000 to 2,500 lumens and for relocating the street lamp now on the northeast corner of Park Avenue and E. Myrtle St. to the southeast corner of the intersection and increasing its power from 1,000 to 4,000 lumens.

After discussion, council authorized Metropolitan Edison to proceed with plans for relocating street lamps on Lumber St. including placing of a 1,000-lumen lamp on E. Charles St. midway between S. Queen St. and the first alley east of S. Queen St.

STREET MATTERS UP

Borough Engineer LeRoy H. Winebrenner was authorized to give a new curb and sidewalk grade to Lloyd E. Crouse to permit widening of Lumber St.

Approval was given to the request for the blocking off of W. Myrtle St. from Rita Marie Ave. to James St. Sunday afternoon from 1 to 4 o'clock for the Cub Scout soap box derby.

Council agreed to ordain and surface with stone or asphalt a section of N. Park Ave. from E. Myrtle St. to a point beyond the entrance to the new high school if rights of way can be secured.

HOLD UP PERMIT

A discussion on progress being made in connection with the proposed improvement of Monarch St. showed that all parties concerned have not yet been contacted.

The request of Otto Sells for a plumber's permit was turned over to the water committee for investigation and recommendation. Borough Secretary Roger Keefer said he could not issue the permit to Sells because Sells has not been in the plumbing business for one year prior to the application for the permit. Under borough rules, Keefer told council, the matter under such circumstances must be turned over to council for decision.

Hugh H. Hoke, Schuylkill Haven, and Alpha Fire Co. Chief Richard Stuller displayed a desk-type phone to be used in conjunction with the town's short-wave radio system. Cost of the phone was listed as \$121.50. Council generally felt such a phone should be installed at the desk of the emergency telephone fire and police answering station in the borough office, but felt the matter should be considered by the fire department before council reaches a final decision.

OFFICE PRIVACY UP

After much discussion council decided that home constructors in the town must provide drainage in the basements of the structures. The "contention" arose over a building permit for construction of a home by L. G. Mumford at the southeast corner of W. Myrtle St. and James Ave. The question before council was whether the house could be built

and water rents, and the tax collector all are located in the same room.

Following discussion, council asked the building committee to draw plans and make recommendations for providing privacy for the various officials in the borough office. Council approved purchase of an air conditioner for the town office from R. J. Stonestreet for \$307 plus installation after considering bids which ranged from \$287 to \$443.95.

CONSIDER PROPERTY BUY

Council agreed to purchase, for \$175, various equipment owned by the borough secretary and now used by the borough, including a pipe detector, desk and desk lamp. The amount was described as half the amount paid by the secretary for the articles. The finance committee was asked to study the purchase of six leather chairs to match present chairs owned by the borough.

The possibility of purchasing the William H. Dixon property, including 40-foot frontage on N. Queen St. and a large barn and garage building to the rear, was brought before council. The structures, it was reported, could be used for storage of pipe, fittings and equipment by the water and sewer departments. When a motion to purchase the property led to a question concerning the number of "yeas" and "nays," the matter was put to secret ballot. The result was four against purchase at this time and two in favor. The finance committee was asked to make an investigation into the value of the property and report back at the next meeting, "unless they deem it necessary to call a special session."

Approval was given for payment of bills totaling \$11,782.12.

2 POSTS TO FILL

Secretary Keefer reported that two vacancies have occurred in the Littlestown borough authority board, one caused by the death of William V. Sneeringer and the other by the removal of the borough secretary, the who also collects sewer

considered appointment of Theron plants and few animals.

W. Spangler for Mr. Bair and Vernon C. Reaver for Mr. Sneeringer, but did not take any final action pending receipt of a formal resignation from Mr. Bair.

The possibility of a long-range project for additional water supply and storage was discussed and then tabled.

Council discussed the possibility of adjoining townships sharing in the emergency fire-police telephone call service, and then decided to take the matter up with the Alpha Fire Co. for drafting of a letter to be sent to the townships affected.

Council accepted an invitation from the fire company for the councilmen and borough officials to participate in the annual firemen's parade to be held at 6:30 p.m. August 11 at Littlestown.

Others wanted the board officials to know that their mother or father, or an aged aunt or uncle had in recent months become a dependent.

Col. Frank J. Graf, deputy director of the Pennsylvania Selective Service System, said, "generally over the state people came in correcting records."

"Many men suddenly realized they had better bring their records up to date," he said. "Many queries were from married men with children, wanting to know if they will be called."

MUD

There isn't anything very uplifting or inspiring about the word mud. Yet great beauty rises from that which we call by that name.

On my library mantle is an exquisite vase. It is made from mud. It was first just ordinary clay mud, common in a portion of Arkansas. But somebody had a dream of beauty and so gathered up this mud moulded, baked it until it was hard. Now it is a

day.

Absentee Gets First Position

On Next Ballot: Grover Yingling, Gettysburg R. D., only one of the four Republican candidates for treasurer of Adams county who failed to appear at the Court House this morning to draw for positions on the ballot at the primary election in September, was assigned first position when a low number was drawn for him by a proxy.

Sheriff D. J. Wolff, who happened to be in the office at the time of the drawing, drew a numbered disc for Yingling in the latter's absence. At the three other GOP candidates were present for the drawing. They will follow Yingling in this order: John Grider, C. A. Heiges and William L. Shields.

How clean is the face of the lily, how pure its heart, how white its open arms, even though it be born from deep in the mud!

Tomorrow Mr. Adams will talk on the subject: "A Mother's Advice." Protected, 1961, by The George Matthew Adams Service

Just Folks

LAUGHTER

Let us laugh at trouble,
Smile from day to day;
In the warmth of laughter,
Trouble melts away.

Though your hours are weary,
Smile both left and right;
If your burden's heavy,
Laughter makes it light.

Care rejoices ever
In a sullen frown;
But when laughter greets it,
Care gets out of town.

All the gloomy corners
In the heart grow bright
When the sun of laughter
Sheds its rosy light.

Therefore, laugh at trouble;
You will find today
In the warmth of laughter
Trouble melts away.

Pro-Castro Fuss

NEW YORK (AP)—What started out as a quiet pro-Castro parade Wednesday outside the United Nations ended with the arrest of six persons.

About 200 Cubans, celebrating the eighth anniversary of Fidel Castro's revolutionary movement, marched peacefully in front of UN headquarters for about two hours. They chanted such slogans as "Hands off Cuba."

Levine, of New Castle, is now a deputy attorney general for the Liquor Control Board.

The letter was signed by Reps.

Yanks' 4 Homers Keep Half Game Lead; Orioles Win 2 As Tigers Edge LA Angels

By JACK HAND

Associated Press Sports Writer

New York and Detroit kept pace in the American League race Wednesday with the Yankees clinging to their half game lead. New York hit four homers while blasting Chicago 5-2 and Detroit used homers by Rocky Colavito and Al Kaline to ease Frank Lary's way to a 5-4 victory over Los Angeles.

Johnny Blanchard was the latest to earn a line in the record book. He hit two homers in successive turns at bat Wednesday in the New York victory over Chicago. Coupled with pinch homers Friday and Saturday in Boston, this gave Blanchard four homers on four consecutive appearances at bat. It was the 12th time it had been done. Ralph Kiner did it twice.

Mickey Mantle hit No. 39, only one behind Roger Maris' total of 40 in their exciting race to break Babe Ruth's record of 60, set in 1927.

ORIOLES SWEEP

Detroit remained right on the heels of the Yanks, trailing by only a half game when the Tigers defeated the Los Angeles Angels behind Frank Lary. Detroit also went to the Homer with Rocky Colavito slamming No. 29 and Al Kaline No. 13.

Four Baltimore pitchers held Boston to eight hits in a double-header while the Orioles swept the pair 5-1 and 9-2. Billy Hoeft, Wes Stock and Hoyt Wilhelm teamed up with a two-hitter in the opener. Jack Fisher went all the way in the second with a six-hitter.

Woody Held and Jimmy Pierall had four hits in Cleveland's 17-hit attack in a 12-5 victory over Kansas City. Gary Bell was the winner over Norm Bass in relief of Jim Archer.

GET EARLY LEAD

Minnesota piled up an early lead, added four runs in the sixth and withstood a closing surge by Washington for a 10-9 decision. Ray Moore, fifth Twins' pitcher, finally saved Dagoberto Cueto's first major league victory. Dave Sisler lost in relief.

Roland Sheldon pitched a four-hitter for the Yanks, easing along behind all those homers off loser Ray Herbert.

Left-handed Don Moeller was roughed up for four of the five Detroit runs, suffering a sixth defeat.

Harness Appeals Rule Out Mutual

PHILADELPHIA (AP) — The Liberty Bell Racing Association probably won't have a pari-mutuel harness racing track in operation until at least 1963, the group's president indicates.

James P. Clark, the president, said Wednesday the delay caused by appeals against issuance of a license to his association had held up construction.

The State Supreme Court last week ruled the granting of a license to Liberty Bell was valid.

Coneaway Little League

The Coneaway Little League all-stars rallied behind the steady pitching of Kerry Hewitt of the Giants to bomb the Sykesville, Md., team 14-5 in the opening round of national tourney play Wednesday evening at Staley Field in Frederick.

Sykesville picked up seven runs in the first and second innings to edge ahead of Emmittsburg, but Yankee star Pat Topper blasted a four-run homer in the third to put his team in front and start a parade of Sykesville pitchers. Topper's blast was his sixth of the season. Before the shelling was over Emmittsburg picked up six runs. They matched this in the fourth inning and were safely home.

The American Legion pounded out 12 hits and scored five runs in the bottom of the first inning as they went on to register a 15-4 victory over the Exchange Club Wednesday evening.

After scoring five tallies in the first frame, the Legion came back with two more runs in the bottom of the second. Dane Kennell singled to left and John Longenecker got on via an error. With one out Ron Plank belted a double to deep center driving in both base runners.

The Exchange tallied two of its four runs in the top of the first frame. Gary Hartman drilled a single to left, stole second and scored on Bill Eden's single to center. Eden then stole second and came all the way home on two infield miscues.

Dane Kennell was the game's outstanding hitter as he blasted four safeties for five trips to the plate. Dave Knox also registered three for four for the winners.

Tilberg and Herring allowed but five scattered hits for the Legion.

LEGISLATORS TO SOUND OUT OPINIONS ON EDUCATION TAX

HARRISBURG (AP) — House members went back home today planning to use a 10-day recess to sound public opinion on education proposals before the legislature.

Republicans have expressed interest in determining the will of the people on the program, particularly a bill to raise \$25.6 million for education through a two percent tax on dividends, rents, royalties and capital gains.

The tax proposal and five bills sent to the floor by the Education Committee were put in position Wednesday for possible final passage when the House returns Aug. 7.

They include reorganization of school districts, an increase in state aid for school construction and an \$18.6 million boost in subsidies.

ANNEXATION PLAN

Before the House adjourned on Wednesday, Majority Leader Stephen McCann confirmed his party has drafted legislation to annex parts of Delaware, Montgomery and Bucks Counties to permit Philadelphia to retain its six congressional seats.

But he refused to expand on the comment, which was made on the floor.

Rep. Edward Lippincott, R-Delaware, had asked McCann whether the proposal would take part of the population of the three Philadelphia suburban counties for reapportionment purposes.

"It does," McCann replied.

TRIED TO BACKTRACK

McCann attempted to backtrack on the statement when questioned later by newsmen.

"I said the plan would take in some counties, but I didn't say which ones," he added. "I'm not the man to comment on the bill."

The legislature must approve a plan to reduce the state's congressional delegation from 30 to 27, because of population changes revealed by the 1960 census.

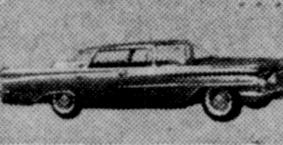

EXTENDED RECESS

McCann said the plan is being put in bill form by the Legislative Reference Bureau and may be introduced either today or Friday. House rules permit introduction of bills during recesses.

EVERITT LEADS 16 QUALIFIERS

PITTSBURGH (AP)—Guy Bates of Philadelphia's Merion Golf Club is the new president of the Pennsylvania Golf Association.

Bates was elected Wednesday night at the group's annual meeting. Succeeding Bates as vice president is Richard H. Miller of Fox Chapel, former secretary-treasurer. Matt Scammell Jr. of Huntingdon Valley was named to that post.

Everitt, 46, of Shawnee-on-Delaware won medalist honors Wednesday in the 36-hole qualifying round at the par 71 course with a 73-70-143.

Defending champion Bob Battendorff of Hershey finished in a three-way tie for second with two other former champs, Fred Paine of Oakmont and Jim Sykes of Huntingdon Valley. They each fired a 145.

Scheduled to meet today were Everitt and Sam Musico, Chariots; Frank Souchak, Oakmont, and Mitchell Fudoli, Butler; Battendorff and Jack Mahaffey, Oakmont; Dick Stephen, Oakmont, and John Hendrickson, Philadelphia; Paine and Herky Smith, Edgewood; Frank Arasin, Shamokin Valley, and Jack McGuire, Wanango; Sykes and Bob Schad, Huntingdon Valley; John Birmingham, Oakmont, and Bob Ornitz, Westmoreland.

CIVIL DEFENSE EXPERTS WORK ON SHELTERS

EDITOR'S NOTE — In addition to shelters, what protective devices are being planned by civil defense officials for the average citizen? Sterling F. Green examines the survivor considerations in this last of four articles.

BY STERLING F. GREEN

WASHINGTON (AP) — Civil defense authorities, concerned about the slow acceptance to the home shelter idea and misconceptions about such factors as evacuation, are working on protective devices for the average citizen.

Too many Americans still conceive of shelter as a costly blast-proof structure with three-foot walls.

Such shelters still are recommended, but the Office of Civil and Defense Mobilization says that in a great many cases an ordinary basement would do if it were provided with a wind-baffle entrance to block contaminated dust.

Current civil defense thinking accepts the idea that millions would be in the wrong place if catastrophe came. These would be killed.

ACCEPT DEATHS

The big idea now is to save those who, having escaped the blasts, are still vulnerable to radioactive fallout. The aim is to provide the survivors with shelter from the particles that are sucked up in nuclear explosions, carried on high, strong winds, and deposited on cities and countryside perhaps hundreds of miles away.

There also are misconceptions about the evacuation, officials acknowledge. Most city dwellers believe with good reason that an 11th hour mass exodus in private cars would end quickly in a hopeless jam.

ADVANCE PRECAUTION

Actually, evacuation is not conceived of as a final, panicky flight while missiles streak toward their targets. It is now viewed chiefly as an advance precaution taken in particularly vulnerable areas if deteriorating international conditions make it seem advisable.

Until last week's White House order giving the Pentagon major responsibility for civil defense, there was behind-scenes conflict here over whether the military

establishment should take over the warning, communications and research and development programs as well as the management of the shelter drive.

The Governors' Conference and the United States Conference of Mayors — evidently believing that civilians would come off second best if military establishment men were making the decisions — issued strong statements favoring continued civilian control under the OCDM.

But with these issues settled and policy control still in civilian hands, all the disputants apparently have agreed that an all-out drive is worth the effort, under any management. They are hoping it is not already too late.

Andrews home enroute from Newton Hamilton.

Young people from the York Springs Methodist attending the Camp at Newton Hamilton are Betty Slaseman, Judy Bly, Kenny Miller and Wayne Milhimes. Donovan Meyers attended last week.

Arlie Morrell and Blaine Beamer spent several days with Mr. and Mrs. Donald Price, Dover R. 4.

Word has been received of the death of Charles Weller, Cranston, R. I., husband of the former Zula Eckernrode, a former resident of York Springs.

Paul Mansberger, Gardners, son of Mr. and Mrs. Robert Nancy Reinecker, daughter of Mr. and Mrs. Lee Reinecker, Arendtsville, are visiting with their aunt, Mrs. Russel Shaner, and family, Merchantville, N. J.

Mr. and Mrs. Robert Mansberger announced the birth of a son Monday at the Annie Warner Hospital.

Daniel William returned to Anderson, Ind., after spending several days with his sisters, Mrs. Stanley Reinicker and Mrs. Gerald Blocher, and families. George Williams is spending the summer as a councilor and life guard at Camp Riverdale, Long Lake, N. Y., in the Adirondack Mountains.

The POWER of FAITH by Howard Brodie

PROPHETS and TEACHERS—4

"In him we live and move and have our being." St. Paul's faith, expressed in these words, gave him the courage to withstand danger, the practicality to aid the poor and the spirituality to inspire. "If I speak in the tongues of men and angels, but have not love, I am a noisy gong," he said. "Love is patient and kind . . . Love bears all things . . . hopes all things, endures all things . . . Love never ends . . . So faith, hope and love abide, these three, but the greatest of these is love."

**We'll pay you \$3.00 to
lose 5 pounds before August 12**

with

plan.

the delicious 900-calorie dietary drink

**Be slimmer this summer... earn
while you shed excess pounds.**

Here's all you do: cut out the coupon below and write in your present weight and today's date. Start on your PLAN diet right away. You can find PLAN at the dairy case in your grocery store, or have it home delivered by your favorite dairy—in rich chocolate, creamy vanilla and fresh-brewed coffee flavor. It is fresh, smooth and delicious, ready to drink just as it comes from the carton.

To lose weight, just drink a glass of PLAN instead of eating a heavy meal. You get a meal's worth of nutrients but far less than a meal's worth of calories. Do this whenever you wish—one meal a day, two meals a day, or even three meals a day.

When you have lost five pounds, write in on the coupon your new slimmer weight and the date you achieved it. Mail the coupon, together with the ingredient side panels from the PLAN you used, to the address below. We'll send you our check for \$3.00 by return mail. Also we ask that you write in the name of the store or dairy from whom you purchased your PLAN, and the price you paid. That's all there is to it! You win in two ways—you reach a new slim healthy weight, and you get paid to do it!

If you wish, instead of the \$3.00 cash, we'll be glad to send you coupons for five additional quarts of PLAN redeemable at your grocery store or from your dairy, a total retail value of \$4.45.

NOTE: Maximum effective rate of weight loss with PLAN should not be more than $\frac{1}{2}$ pound per day. The use of 10 quarts of PLAN normally constitutes a weight loss of 5 pounds. For purposes of this offer, 10 ingredient side panels from PLAN cartons are necessary before a weight loss of 5 pounds can be claimed, or before any user can qualify for the prize. However, any number of ingredient panels above ten, together with the signed statement below, would qualify the user for the refund. Only one refund per person.

Who is eligible: anyone who wants to lose a few pounds is eligible to take advantage of this offer except employes of the dairies distributing PLAN and their advertising agencies and their families.

I WOULD PREFER MY REFUND AS \$3.00 check, or coupons good for the purchase of 5 additional quarts of PLAN, redeemable at your grocery store, or from your dairy—retail value \$4.45.

NUTRITION FOR DIETERS IS OUR ONLY BUSINESS

Most people will lose weight satisfactorily and permanently on a daily intake of 1200 calories. Use PLAN for your first 900 calories. The additional 300 calories should be in the form of fruits, vegetables, salads and a small meat patty. For best results, consult your physician, especially before going on a strict diet as low as 900 calories per day. Short-term "crash" programs are difficult to maintain and should be avoided in favor of a more reasonable 1200 calorie level.

The PLAN reducing program is suggested for normal healthy people who want to lose weight by restricting their calorie intake. Pregnant or lactating women, people with kidney trouble, heart trouble, diabetes or other abnormalities, or people who are extremely obese should never undertake a diet of any kind without consulting their physician. In all matters of weight control, consult your physician.

FREE

Easy-to-read 12-page booklet, "PLAN TO LOSE WEIGHT" explaining the PLAN method of weight control, available at your grocery store, or write direct to the address in the coupon at right.

EXCESS FAT ON STEAK CAUSES GROWER PAINS

DENVER (AP) — Cattlemen who grow those steaks you like so well are perplexed over how to give a tender, juicy, flavorful T-bone or sirloin without a lot of fat.

Fat has become a nasty word recently. Some persons believe it causes excess weight, bringing on health problems. Others hate fat for economic reasons. The fat on steaks costs \$1.29 a pound (or whatever is the going rate) and some persons don't eat it — like Jack Sprat.

But fat bears heavily on the

palatability of a steak. Fat also figures in federal grading of meat — usually the more fat the higher the grade. And the grade determines profit for the cattleman.

LEAN MEAT

"The consumer wants lean meat," says Dr. Gladys E. Vail, head of foods and nutrition at Purdue's School of Home Economics. "She does not want to buy a high proportion of fat which is no longer consumed at the table, or which may not even reach the table but is discarded during the preparation of the meat."

"This great aversion to fat is of fairly recent origin," Dr. Vail adds. "As a youngster I recall that it was a rule that we eat the fat along with the lean."

L. E. Kunkle of Ohio State are sent to feed lots when they

University says that while meat handlers object to the costly fat trim of the over-fat carcasses "they all admit the desirability of quality which frequently is combined with excess finish."

Many research projects are underway in breeding and feeding, McMillan said. "All are aimed at developing efficient methods of producing an animal yielding tender, juicy meat with the least fat."

Experiments are in progress with an electronic device that measures and photographs fat dispersed within the bodies of cattle.

Vegetable enzymes are being injected into live animals just before slaughter in experiments to determine if that results in tender, more tasty meat. If the enzymes work perhaps animals with less fat can be produced.

The original Star Spangled Banner is to have a new home.

Last month the cornerstone was laid for a museum in Washington, D. C., where the flag that inspired Francis Scott Key to write our national anthem in 1814 will be featured in national collections relating to American history. Scheduled for completion in late summer, 1962, the structure is the Smithsonian Institution's Museum of History and Technology.

In the decade of the 1960's the population of this country will grow from 180 million to 214 million. Where there are four people today there will be five by 1970. In statistical terms as precise as demographers can attempt to project them, the overall increase is expected to be 19.1 per cent. But within this framework, the percentages vary wildly. For instance:

There will be a 57 per cent increase in the college-age group; 43 per cent increase in the high school group, but only a 12 per cent increase in the 22 to 64 (working force) group.

Gasoline consumption in Pennsylvania during April — the first month of the state's new seven-cent "gas tax" — fell 33 per cent below the gallonage figure of the previous month and 25 per cent below the April figure of a year ago, according to the official figures just released by the state Bureau of Liquid Fuels Tax.

J. A. Lorimer, chairman of the Associated Petroleum Industries of Pennsylvania, noted this comparison in commenting on the bureau's monthly report, which showed only 207,682,912 taxable gallons for April, as compared with 310,661,555 gallons re-

ported for March and 276,616,217 gallons for April of last year.

An annual survey by the American Newspaper Publishers' Association shows that 755 U. S. and Canadian daily newspapers in 1960 rejected \$7,645,408 in advertising which failed to meet the standards of truthfulness and good taste.

More than twice as many newspapers participated in the survey in 1960 as in 1959, when 348 newspapers rejected advertising amounting to \$6,166,321.

Sound Advice

Never kill a fly with a shotgun, and never use drugs left over from a serious

illness for self-treatment of a similar ailment. In the first case, you'll blow your kitchen ceiling to smithereens along with the fly. In the second case — you get the point. You see, modern drugs are highly potent — that's why we dispense them only when your physician prescribes. If you dose yourself with leftovers, you may do serious damage. It's a good idea to pour the remains of old prescriptions down the drain and destroy the bottles.

BIG CYCLES AT GROVE SUNDAY

WILLIAMS GROVE—Class "C" motorcycle racing — the regular big cycles—will be back for their second engagement on the Williams Grove Speedway Sunday afternoon.

Nine events will be run on the program sanctioned by the American Motorcycle Assn.

Dick Klamforth, the Groveport (O.) farm boy, who rode to victory in the 10-lap final for experts, is expected back to keep his slate clean in the win column. BSA-mounted, Klamforth also proved to victory in his 6-lap qualifying race.

Expected to provide the Buckeye daredevil of the two-wheelers with his stiffest opposition are Tony Murgua, motor scooter

Chambersburg Gets Large Urban Lo a n

WASHINGTON (AP) — A \$1.5 million allocation was announced Wednesday by the Urban Renewal Administration to Chambersburg, Pa., for its Water Street urban renewal project. Included are a \$90,235 loan and a \$646,492 grant.

The project is a 25-acre rundown area one half mile southwest of the central business district. The 132 families residing in its 170 dwelling units are to be offered relocation.

MILITARY BILL

WASHINGTON (AP)—The House Tuesday approved a military construction bill containing the following projects for Pennsylvania:

Naval Supply Depot, Philadelphia, \$78,000 and Olmsted Air Force Base, Middletown, \$884,000.

AVERAGE MAN HAS PROBLEM OF SUSPICION

By HAL BOYLE

NEW YORK (AP)—Once upon a time there was a man who set out to be popular and well-liked. His name was Mortimer Witherspoon Thrope.

He went to the public library and read a book on how to become popular and successful.

ACT NORMAL

"The way to be popular is to be normal," the book said. "Just act as a normal, balanced, civilized individual should act and you're bound to be well-liked."

So Thrope faithfully followed the book's advice. He decided to become the most normal individual in his community.

Mortimer married a girl who was neither homely nor pretty—just average.

EVERYTHING STANDARD

They had three children, all of whom got medium grades in school.

Mortimer bought a standard-sized house with a standard-sized mortgage in a standard neighborhood.

He drove a medium-sized car—neither too dull nor too flashy—and traded it in on a new one every three years.

JOINED CLUBS

He joined the Elks, the PTA, and the American Legion. He was good to serve on committees but always declined to run for office in any of these organizations. "Oh, there must be someone else better qualified," he said, modestly.

He subscribed to a book club, but carefully avoided reading any of the selections—unless they hit the best seller list.

Mortimer always—or almost always—got up to give his seat to an old lady on the bus, particularly if anyone from his neighborhood was on the bus, too.

WAS PUNCTUAL

He always arrived on the job punctually at 9 a.m., and left promptly at 5:30. "I get paid for doing a full day's work—and I like to give it to them," he said.

When the boss told a joke in a conference, Mortimer was the second employee to start chuckling and the next to the last to quit laughing.

At cocktail parties Mortimer got high but never loaded, and never bragged about himself. "Tell me about yourself—you must have had an interesting life," he urged those he met.

WAKES UP

After 15 years of exemplary living, Mortimer suddenly awoke to the fact that instead of being widely popular, he was being avoided, even by old acquaintances. They seemed uneasy in his presence.

So Mortimer hired a public relations man to find out why. This individual made a secret survey of Mortimer's neighborhood and office and came back with his report.

"They think you're too good to be true, Mr. Thrope. They don't trust you. They think you must be hiding something."

Moral: If you want to be popular, be different. Everyone suspects anyone who acts too normal.

SIGHTS SET HIGH

NEW YORK (AP)—A new play, "A Fig Leaf in Her Bonnet," is heading for off-Broadway but already has sights set on Main Stem display.

Sponsors of the project have worked out a special financing agreement that calls for transfer of assets to a new Broadway partnership if the show clicks.
